

All of the BOBP's Publications, from 1979 - 2000, on two inter-active CD-ROMs

This pair of CD-ROMs encapsulates the entire print output of the Bay of Bengal Programme spread over the period 1979-2000. It contains some 350 BOBP publications of different kinds (newsletters, reports, working papers, manuals and guides, etc), adding up to many thousand pages. The CD-ROMs constitute a treasure chest of information, record, analysis and reference on fisheries development and management in the Bay of Bengal region. Users may retrieve information from the CD-ROMs by country, by author, by subject or sub-subject, or by key words. Every effort has been made to make the CD-ROMs as user-friendly as possible.
