Phones : 456894, 456896, 458788.
This bibliography was prepared by BOBP for the seminar on Gracilaria production and utilization in the Bay of Bengal, which was held 23-27 October, 1989 in Songkhla, Thailand. The literature mentioned in this bibliography deals with biology, resources, culture, processing and marketing of Gracilaria spp. It may help serve as a source of information to farmers, researchers and officials concerned with Gracilaria farming, processing and marketing.

The Bay of Bengal Programme is a regional fisheries programme that covers seven countries bordering the Bay of Bengal -- Bangladesh, India, Indonesia, Malaysia, Maldives, Sri Lanka and Thailand. It is small-scale fisheries oriented and strives for the socio-economic betterment of fisherfolk communities of the region by developing and demonstrating new ideas or techniques, new technologies, methodologies or systems to help small-scale fisherfolk.

BOBP supported farming trials for Gracilaria in Malaysia and provided assistance for open sea farming trials in India and Sri Lanka. A post-harvest project extends support and training in post-harvest technology of agarophytic seaweeds in participating countries.

This paper is an information document and has not been officially cleared by the Governments or agencies concerned.

HIEU, L.N. and MINH, P.P. (1980). Studies on the effect of the high temperature (35 degree C) and different salinity on the photosynthesis and activity of the catalase in Gracilaria verrucosa (Hudson) Papenfuss. Tuyen Tap Nghien Cuu Bien. 2 (I), 7-17.

RESOURCES AND MANAGEMENT

MARKETING AND TRADE

Publications of the Bay of Bengal Programme (BOBP)

The BOBP brings out six types of publications.

Reports (BOBP/REP/.....) describe and analyze completed activities such as seminars, annual meetings of BOBP’s Advisory Committee, and projects in member-countries for which BOBP inputs have ended.

Working Papers (BOBP/WP/....) are progress reports that discuss the findings of ongoing BOBP work.

Manuals and Guides (BOBP/MAG/....) are instructional documents for specific audiences.

Miscellaneous Papers (BOBP/MIS/.....) concern work not sponsored by BOBP -- but which is relevant to the Programme’s objectives.

Information Documents (BOBP/INF/.....) are bibliographies and descriptive documents on the fisheries of member-countries in the region.

Newsletters (Bay of Bengal News) issued quarterly, contain illustrated articles and features in non-technical style on BOBP work and related subjects.

A list of publications since 1984 follows.

Reports (BOBP/REP/.....)

Working Papers (BOBP/WP/……..)

52. Experimental Culture of Seaweeds (Gracilaria Sp.) in Penang, Malaysia. (Based on a report by Maxwell Doty and Jack Fisher). Madras, India, August 1987.

Manuals and Guides (BOBP/MAG/......)

Miscellaneous Papers (BOBP/MIS/.....)

Information Documents (BOBP/INF/.....)
